What is Pregnancy Services?

Pregnancy Services is a program of the Hamilton County Department of Job and Family Services (HCJFS) dedicated to helping Medicaid-eligible pregnant women get prenatal care. The purpose of the program is to promote healthy pregnancies and reduce the chances of premature deliveries and low birth-weight babies.

Who is eligible for Pregnancy Services?

Pregnant women who are Medicaid-eligible can receive services. Medicaid is state- and federally-funded health care coverage. HCJFS administers several Medicaid programs, including Pregnancy Services, Healthy Start, Healthy Families and HealthChek. Eligibility for Medicaid and Pregnancy Services is based on income and family size.
